*"It was such a cool experience! I would love to visit the Winchester Planetarium and Science Centre again!" - Maia (a student on the trip who thoroughly enjoyed the experience!)*

## Wildmoor Heath School Year 5 – Amazing Trip To Winchester Planetarium & Science Centre!

*On Wednesday 3<sup>rd</sup> October 2018 at 9.00 a.m., Year 5 (the Kestrels) departed eagerly from Wildmoor Heath School to visit the famous Winchester Planetarium and Science Centre by coach.*

*Firstly, the children sat next to their best friends on the coach. Chatting away, they were thrilled and elated as they had learned a lot about space –the topic previously taught by Mr Thomas and Mrs Wells (their inspiring teachers).*

*When they first arrived, they had an hour to explore the upper floor. There were several fun activities such as: wheelchair basketball, rowing and printing tickets as well as the automatic drawing space-related pictures-machine as souvenirs that kept them busy.*

*After that, they met their tour guide Eleanor. All the children, carried out two experiments containing laser lights. Next, they ate lunch and then explored the bottom floor. After what was so much fun and a good learning experience, time flew by and it was time to get back on the coach!*
