

Wildmoor Heath School

Promoting sports and physical well-being 2016-17

In the 2016-17 financial year, we were allocated £8,805. This funding was used in the following ways:

Sports Premium Grant (SPG) Allocation 2016-17	£8,805
LA PE and School Sports SLA	£1,330
Replacing equipment in 'main' adventure playground	£3,000
CPD for teachers and support staff	£1,000
Additional coaching sessions (PE and / or after school clubs)	£1,000
Additional sporting opportunities for children	£1,000
PE and Active Play Equipment	£1,475
Total spent or allocated in 2016-17	£8,805

We bought into Bracknell Forest Council's 'PE and School Sport for Schools' Plan. This cost £1,330. This provided:

- PE professional development opportunities;
- access to high quality competition;
- specialist sports coaching;
- support with 'physical literacy';
- support with healthy lifestyles and lifelong learning;
- support to leadership to identify the impact of the funding and plan
- Access to leadership training for young people: playground leaders, Kickstart leaders and Change for Life

£3,000 was allocated to replace and upgrade provision for balance; strength; coordination and agility activities in PE and to provide active play opportunities. This was supplemented by grant applications and fund raising activities.

We allocated £1,000 for CPD, building on the work done last year. This was used to improve the quality of PE teaching throughout the school, including developing skills in EYFS. Some funding was used to further develop the leadership and management of PE.

We allocated £2,000 toward additional coaching opportunities, both during school time and after school (including rugby, hockey and football and for Year 5 and 6, 6 weeks of Tae-kwon-do instruction), and to provide transport and kit to participate in tournaments and competitive

matches as well as attending professional sporting matches (e.g. the Open Golf at Wentworth and rugby at Madejski Stadium).

Just under £1,500 was used to replace and enhance existing sports equipment, for example new basketballs, footballs and hockey sticks, and to improve the resources available for KS1. The remaining money was used to purchase further equipment for use at play and lunchtimes.

How else did we encourage sport and competition?

We participate in competitions run by the Local Authority and the Wellington College 'Well-being' games. In addition, we hold intra-house sporting events during the spring term. Children in Year 3 have swimming lessons weekly during the Autumn and Spring Terms and Year 5 spend a day at a local outdoor and adventure centre where they use high and low rope courses. In Year 6, the children spend a week in North Wales where they mountain hike, rock climb, gorge walk, explore underground and canoe. Sporting success, inside and outside school, is celebrated in assemblies and our weekly newsletters.

We run several after school sports clubs, including sessions with London Irish RFC and external coaches. We also encourage and signpost children to join local sports clubs. The local archery club uses our school field throughout the year and receives a preferential rate. Many of our children attend a nearby Tae-kwon-do club and they run 6-week sessions for Year 5 and 6 each year.

We were awarded the Bronze Award for Schools Games in recognition of our work in promoting participation in sport.

How else did we encourage health and fitness?

Healthy eating and living are part of the PSHE, PE and Science curriculums and include work on diet, exercise and drug, smoking and alcohol awareness. In addition, we promote healthy lifestyles through 'active playtimes' by providing equipment for the children to use in their breaks. Our after school and holiday club provider, EnergyKidz, were selected because of the strong 'sport' and 'physical activity' element to their programme. We promote cycling and scooting to school through the 'Bike it' project. During the year, we also took part in a whole school healthy eating and living event called 'Roots to Food'.

What does our data and monitoring tell us?

Based on December 2016 data, 83% of children are on track to be at expected levels in PE with around 11% on track to be at greater depth. In July 2016, the percentage achieving the expected standard was 74%, while 9% achieved greater depth. Monitoring shows that PE is regularly taught twice a week (indoor and outdoor) and that overall, children get close to 2 hours of purposeful physical activity (including access to the adventure playground and sports equipment at lunchtimes) each week. Surveys of the children tell us that they are becoming more aware of their physical development, that they feel supported in PE and that they enjoy it. Our next steps to further improve PE provision are: to develop next steps in PE and how teachers can integrate these into lessons; for teachers to feel more confident with the assessment of PE and for children to have more opportunities to self-assess.

Funding for the 2017-18 Financial Year

For 2017-18 we have been allocated **£14,041**. NB. The funding from the government increased w.e.f. 1st September 2017 to **£16,000** per school plus **£10** per pupil in Years 1-6. We will receive **5/12** of our 2017-18 funding under the old formula (**£8,000 + £5** per pupil) and **7/12** under the new one.

How Wildmoor Heath will spend this money in 2017-18?

At Wildmoor Heath School we recognise the contribution of PE to the health and well-being of the children. In addition, it is considered that an innovative and varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all children. We aim to lay the foundations for an active life, encourage competition and help children value the benefits of participating in sports and physical activity.

The governors agree that the money must be used so that all children benefit regardless of their sporting ability. It's important that we use this money wisely, especially as the PE support we previously received through the 'School Sports Partnership' has ceased. We will place a high priority on PE provision, the quality of teaching in PE lessons and access to extended opportunities, including competitions, specialist coaching and educational visits.

The funding will be used in the following ways:

Sports Premium Grant (SPG) Allocation 2017-18	£14,041
LA PE and School Sports SLA (Premium Package)	£2,178
CPD for developing teachers, support staff and PE Leader	£1,800
Supporting Year 3 Swimming Lessons	£3,100
Supporting Outdoor & Adventurous Activities (Y6, Y5 and Y4 trips)	£2,000
Supporting extra-curricular coaching, sports & competitions	£1,400
Roots to Food (KS2 healthy eating, well-being and fitness day)	£400
Taekwondo Workshops for Y5 and 6	£600
PE and Active Play Equipment	£2,563
Total spent or allocated in 2017-18	£14,041
