## E-Safety Scheme of Work

This ICT scheme of work that has been produced in order to actively promote the teaching of E-Safety from the Foundation Stage to Year 6. It draws upon E-Safety guidance that has been produced for schools from BECTA (Signposts to Safety KS2) and a scheme produced by the London Boroughs of Islington, Barnet and Kensington & Chelsea in conjunction with Northampton and Hackney.

The plans note links to existing planning, resources and activities (e.g. PIXL, Gooseberry Planet, Purple Mash and Espresso) as well as those available from organisations such as CEOPs, Childnet and the BBC. PDF copies of lesson plans, posters, workbooks and fact sheets can be found on the planning drive under 'E-Safety'.

It is intended that teachers use objectives from this scheme and feed them into their existing curriculum planning for IPC (particularly where there are Computing links) and PSHE. Activities may also be used for half-termly whole school 'e-safety days' linked to assemblies or other events.
